

our late S^r Mary. Grossman was so
well known in Calneek that very little
if anything new can be related of her -
She was born of respectable Parents
her Father being a Tradesman in
Leeds where Mary was born & baptized
in the parish Church of S^t ~~John~~ Peter
in the Y^r 1793. After the death of her
Parents having this period heard
of the S^r House in Calneek she
^{in 1820} made application for admission and
subsequently became a member of
the Ch^h of the B^h & during the minis-
try of our late B^r Kemptler. was ac-
tively engaged in the Sunday School.
at About the Y^r 1826 it pleased the
Lord to afflict her with disease of the

spine. the consequence of a fall down
a flight of steps in the 5th House
Her sufferings were often very great
& added to the loss of some little property
left to her by her Father her circumstances
were reduced to almost entire depend-
ance on the kindness & affection of
her companions & friends. Poor old
her Acutely Father permit her
to hope in vain but supplied her
every need throughout her painful
sufferings. His ^{kindly} ^{and} ⁱⁿ her naturally in-
dependent spirit often tempted her
to believe his dealings hard with
her yet at other times could ^{de} clearly
perceive the loving kindness of

her Saviour in thus afflicting her &
her patient bearing proved an edifi-
cation to some who in later years visited
her sick chamber - her kind & cheerful
temper endeared her to the more young
female members of the family & the re-
membrance of her life not soon be forgotten
about 6. or 8. weeks ago being quite alone
& walking across the town her strength
gave way & she fell - from that time
she evidently declined & many times
express'd a desire to depart & he with
her Saviour - yet would believe that
Heaven ^{was} ~~was~~ still before her - a fortnight
ago Infuenza cold fastened on her
tender frame & she was wholly confined
to her bed - but no serious alarm

took place in the minds of her friends
in general. Altho' her sufferings much
grieved those who so affectionately loved
her - on Tuesday the 27th she was
comforted by the visit & prayers of her
Minister to whom she was much
attached - in the afternoon a great
change in her appearance & inability
to swallow was perceived & at 1/4^{to}
just set off in the evening to
the amangement of all around her
her languid soul took its flight
to the arms of Jesus - in the 60th
Year of her age -
